## Questions and Answers

**1. What is Bhardoah?**

- It is the process by which we can get our spirit and consciousness intact out of a body that is no longer able to transmute itself to the level of being able to ascend, in order to continue that being's evolution and not get it trapped in a Hibernation Zone.

**2. Why has Earth been continually under attack ever since the Host was set?**

- Because of all the 12 Primary Star Gates in this 15-Dimensional Time Matrix, Earth was the one that held a full link directly to Urtha through the AquA'elle Matrix. If the evolution here succeeded we would actually be able to evolve the entire Milky Way back to its natural orientation with M31.

**3. What do the NETs do?**

- They run on the Metatronic Merkaba 34/21 ratios of same-spin that create Black Hole Fall.

**4. Are the selenite crystals in Earth's mantle natural to Earth?**

- No, they are part of the Niburian Diodic Crustal Grid system, which was seeded into the natural crystal bases here from the planet Nibiru. They are used to run the NET systems here.

**5. What was the Christos Realignment Mission?**

- This was an attempt by the Kristiac races to get the planet into a planetary natural Maharic Seal, which would have stopped the BeaST activation and would have led to a very rapid DNA awakening and healing of DNA on a mass level.

**6. Why was this not able to take place?**

- The UIR (United Intruder Resistance) broke their agreement with the Guardian races—called the Emerald Covenant, or the Treaty of Altair—and issued a war edict to the Guardian races in this Time Matrix. Without the UIR's cooperation the planetary Maharic Seal became impossible to activate.

**7. What was the result of the breaking of this treaty?**

- This meant the return of the final conflict drama as the Atlanteans had planned it. The Christos Realignment Mission became the Christos Reclamation Mission, to reclaim the portions of the Earth's Crystal Grids that had not yet turned on the Metatronic reversed codes.

- 8. What was the result of the continued escalation of the drama by the Fallen races?**
- The result was that the Guardian races had to rapidly release information about our history so we could understand the context that all of this was taking place within. They released the Ecka maps of the God World Gates so we could see where we were in space in relation to all this. They could then release the biological healing and Ascension techniques that would enable us to be able to hold a high enough frequency to counteract what the Fallen races were attempting to achieve. Much information had to be released about the identity and history of certain fallen groups, which upset much of the New Age Movement, which was under the auspices of these same groups.
- 9. What are the steps in our expansion into higher Councils that brought us from the D-12 Lyran Elohei-Elohim Founders Races and the Guardian Alliance Krist Councils in 2000 up to the Krystal River Host in 2007?**
- Upstep I      2000    Yanas from D-13, D-14, & D-15
  - Upstep II     2001    Ecka-Eieyani
  - Upstep III    2002    Eckasha EyanA
  - Upstep IV    2003    Ecka Eckasha Addondrea & AdorA AdonA Eckasha
  - No Upstep    2004
  - Upstep V     2005    HaahTUr Hubs
  - Upstep VI    2006    Urtha-Sala Bhendi & Aquaferion Councils
  - Upstep VII   2007    Krystal River Host Councils
- 10. What happened at the Virginia Beach 2007 workshop that was such a great victory?**
- The re-opening of the Halls of Records. These had been opened in 2000 and had been forced to close again in 2004 due to the escalations in the drama and grid damage. If they had remained closed the BIG plan of Krystic evolution, or at least intervention here, was not going to be able to happen.
- 11. What technologies did the Bourgha-Budhara and the Bellatrix OberYon Fallen races have?**
- The Time-Rip technologies.
- 12. What was the Krystic response to this escalation?**
- The Hub upgrade and the bringing on line of the HaahTUrs and the release of the information about the 4 Domains: the Core Domain, the Inner Domain, the Middle Domain, and the Outer Domain.

The ability to change the Angle of Rotation of Particle Spin of your atoms and molecules into the natural Angular Rotation of Particle Spin that the Ascension systems work on.

**4. Adashi masters:**

People who have gone through the Starfire process and become Christed, understand it and teach it.

**5. False Memory Matrix:**

Falsely implanted Akashic Record Memory crystal.

**7. Abaddon:**

A burned-out star in the center of the Milky Way.

**8. AquA'elle Matrix:**

The matrix that connects the Milky Way to the Andromeda Galaxy across 2.2 million light years.

**9. Aquinos Matrix:**

The name of the Andromeda Galaxy in the Kristiac worlds.

**10. Arc of the Covenant Gates:**

An interface gate network to bypass the 12 regular Planetary Stargates in the event that they fell due to the activation of the BeaST technologies.

**11. HaahTurs:**

Also known as the Hub Councils, they brought information from the Core and Middle Domains of our Creation Matrix.

**12. 3-Day Roll:**

The result of reversing the spin on the Light Fields and Light Body of the planet, causing it to do a 180-degree flip over a three-day period.
