Questions and Answers

1. What is the Earth Core?

- The Morphogenetic Field of Earth, located within the frequency bands of D2 at the center of the Earth. It is also called the “Cave of Creation” because souls must pass through their species’ Morphogenetic Field into Earth’s in order to incarnate here. It holds the design for all physical and energetic manifestation that appears here.

2. What is the Blue Flame Staff of Amenti?

- It is a standing wave pattern several inches high composed of D4, D5 and D6 frequency patterns and the portion of planet Tara's Morphogenetic Field that belongs to Earth and which energetically connects Earth's Morphogenetic Field to the planetary grid of Tara in Harmonic Universe 2.

3. What is the significance of the word “Amenti?”

- Amenti is a continent on planet Tara from which came the Guardians who helped us create the Sphere to evolve down here.

4. What is an ascension cycle?

- The first and last 4,426-year cycles in a Euiago, in which portals open and mass ascensions can take place.

5. When is the next mass ascension opportunity and why?

- The next opportunity of mass ascension takes place in 2017, because it is the halfway point of the last 4,426-year cycle of the Euiago.

6. Why does the planet and its population have the opportunity to dimensionally ascend into the next highest Harmonic Universe (HU) at the completion of a Euiago?

- Because the smaller time cycles of the Euiago allow the dimensional frequency bands of 1 Harmonic Universe to be progressively pulled into the planetary Morphogenetic Field. At the completion of this process, the planet shifts into the Euiago time cycle of the next highest HU to begin pulling the next set of 3 dimensional frequency bands into the Morphogenetic Field.

Vocabulary

1. Morphogenetic Field:

Energetic form-holding structure composed of Partiki units and Keylons that sets/holds the design for the particle and anti-particle construction of all manifest forms.

2. Ascension:

The science of multidimensional physics—how consciousness and the body evolve from the lower dimensions to the higher ones.

3. Time:

The cyclic progression through unified fields of energy.

4. Dimension:

A literal stacking of patterns of energy that creates perceptions of the illusion of matter as consciousness moves through it.

5. Sphere of Amenti:

The Morphogenetic Field of our race that holds the biological blueprint and evolutionary imprint for the whole human species created 550 million years ago; the energy fields through which souls birth on Earth and through which they'll pass after death.

6. Sacred Law of One:

Embodying the recognition that you are at one with the universe and the universe is at one with you—one Morphogenetic Field, one consciousness.

Attitudes & Responsibilities of Mastery

Attitude of Mastery #11

ENGAGED DETACHMENT — Permitting the ALL-ONE-ness to BE without assigning Critique, Condemnation or Value Judgment; understanding the IS-ness of and Validating the ALL-ONE-ness.

Responsibility of Mastery #11

COOPERATION/DIPLOMACY: Existence is and will always be a co-creative endeavor. We must be willing to allow other beings the fulfillment of their needs and

desires if we hope to have our fulfillment known. Creating "Win-Win" situations and creating with the intention of GIVING genuinely are natural ways of being. We might not always agree with the intended creations of others, and we all have a right to our points of view. Diplomacy can be a bridge between forces of opposition, through which effective actions or decisions can be reached to mutually support each perspective. We can learn to agree to disagree respectfully, so the Spiritual Art of Co-operative Co-creation can progressively evolve to higher levels of expression.
