Questions and Answers

1. What is the first lesson in figuring out the difference between my Higher Self wanting to communicate with me, one of my subpersonalities wanting to communicate with me, or something else that wants to mess with me?

- Energy sensing: Linking your Central Vertical Current with the energy signature of the communication source.

2. Why didn't the Taran races continue to evolve successfully?

- They mixed gene codes with other Star People they were not intended to blend codes with. In other words, interbreeding.

3. The Priesthood of Mu teach and believe in the Sacred Law of _____, also known as _____ Consciousness.

- ONE, Unity

4. Do the Tarans need us to evolve in order for them to evolve?

- Yes

5. Universal physics required that the 5 Cloister Races be seeded on _____ first.

- Parallel, our anti-particle double

6. Which race/nationality has known about Amenti since ancient times?

- Egyptians

7. The Sphere of Amenti set the pattern for the _____.

- Races; it holds the whole imprint for the evolution of the Turaneusiam race.

8. What did the Sphere of Amenti connect together?

- Earth Core in Dimension 2 and Tara in Dimension 5 BEFORE it blew up.

9. Where does a planet store its Morphogenetic Field?

- In its core.

10. Why couldn't Tara hold its Morphogenetic Field in itself any more?

- Intense explosions and pole reversals.

11. Where is Tara's Morphogenetic Field now?

- Split among all 12 planets of our solar system (including the sun, Maldek and Nibiru).

12. What does the Blue Flame represent?

- The frequency pattern of our (Earth's) portion of Tara's Morphogenetic Field.

Vocabulary

1. Halls of Amenti:

The Halls of Amenti consist of six portals. The main portal bridge is between Earth Core in Dimension 2 and pre-cataclysmic Tara in Dimension 5. Five other portals connect into Dimensions 2, 3, 4, 5, and 6. The Halls of Amenti hold the promise of evolution. They are literal portals to get out of here and ascend.

2. Sphere of Amenti:

Morphogenetic pattern set by Palaidorians in Earth Core so that souls trapped in time when Tara exploded could manifest in Harmonic Universe 1 (HU 1). The Sphere of Amenti set race patterns and connected Tara's Dimension 5 planetary core with Earth's Dimension 2 planetary core.

3. Palaidorians:

Beings who transmuted cellular codes in body into energy essence, turned themselves into a field of light, and then merged energy fields to create a Morphogenetic Field composed of all their consciousness. They became the Sphere of Amenti. They held the imprint for evolution of the entire Turaneusian race. They (as the Sphere of Amenti) were placed in Dimension 2 Earth Core to attach to morphogenetic pieces that were ripped off from Tara so that souls could manifest into Harmonic Universe 1. This literally grew bodies that the souls could attach to so they wouldn't be lost in the elemental kingdom forever.

4. Covenant of Palaidor:

Sirians, Pleadians, Ur-Tarranates, Elohim, Lyrans, Ceres, Lumians and Alanians who came up with a plan to rescue the Taran souls of HU 1, who would otherwise be stuck in time forever, and re-connect the Morphogenetic Fields of 12 planets back to Tara (where they came from in the first place) so they could remerge back into original Tara before the time of the explosion.

5. Alanians:

Civilization on Tara that began to systematically disregard the Law of One and created the cataclysm of Tara.

6. Lumians:

Second of the primary groups on Tara. They were kinder, gentler than the more aggressive and dominating Alanians. They petitioned Sirian Councils to help them get away from the Alanians, who were using technologies to draw energy from the core of Tara, not in harmony with planetary physics. The Lumians moved to the continent of Mu on Tara (not Earth). Lumians had their own governmental structures. There were great hostilities between Alanians and Lumians.

7. Mu:

A continent on Tara (not Earth) where the Lumians lived.

8. E-DEN:

Existed on Tara, not Earth. It is where our stories of the Garden of Eden originated, where the Turaneusiam 1 race began 560 million years ago (MYA). It is where our stories of the “Original Sin” and the “Fall of Man” originated.

9. Ceres:

A parent race who interbred with and purified the Lumians so they could evolve instead of digress.

10. Templar Solar Initiates:

Alanian spiritual and political rulers who sided with Sirian Anunnakis, who were rebelling against the Sirian Council. The Sirian Rebellion broke out in Alania. They would use power any way they wanted to. Templar Solar Initiates wanted to take Mu and put it under their dominion.

11. Cloister Race:

The Palaidorian Morphogenetic Field broke into five pieces, carrying the energetic pattern for five different races. Among them they carried the whole 12-strand DNA package. This was the first step in the plan to re-evolve fallen Tara and Tarans.

12. Root Race:

The first two Root Races grounded the Morphogenetic Field into matter. Each one was responsible for bringing into matter one-half of the frequency pattern of the first dimension. The first DNA strand was put together. The next strand could be built on it.

Attitudes & Responsibilities of Mastery

Attitude of Mastery #9

MINDFULNESS — Loving, Nurturing, and Being Attentive to the ALL-ONE-ness.

Responsibility of Mastery #9

KINDNESS: Like Respect (Dance for Life Attitude of Mastery #4), Kindness is a birthright, but one that is quite often overlooked and misunderstood. When we approach the world through genuine kindheartedness, sending love and respect to all of creation in honor of the God Force that lives within all things, we are, again, transmitting electrical energy of a higher frequency, that will follow the mechanics of universal physics to bring more of like kind back to us through universal back flow. Kindness is a gift we must first give to ourselves in order to have it to give to others. Kindness implies being conscientious and caring toward the needs, feelings and desires of both the self and others, and to express this concern and caring in action, attitude and intention. Give to yourself random acts of kindness, then pass along the gift to all who cross your way. Try being kind to the mean and grouchy neighbor and you may help them rediscover the ability to smile. When we treat all things with kindness, we demonstrate that we acknowledge their intrinsic value as manifestations of God Source, and you will often find God Source lovingly returns the favor.
