Vocabulary

1. Merkaba:

Counter-rotating spirals of inter-dimensional electromagnetic energy in star-tetrahedron form that enable biological inter-dimensional travel and ascension.

2. Flame Body:

Flame Body is the natural flame-like shape that Radial Body capsules take on when they activate and de-polarize in the process of merger with the Radial Body capsule in the next Density. Progressive de-polarization of the 5 Hova Bodies and Radial Bodies allows a being to ascend out of the 15-Dimensional Veca Universe and into the Ecka 1st Lower God World. The term also refers to the natural shape and structure of the Ecka, Eckasha, EckashA, Eckasha Aah, and Eukatharista Eternal Flame Bodies.

3. Metatronic Code:

The “Metatronic Code” is a contrived, permanent, irreplaceable mathematical shield template mutation that allows Black Hole races to create a “living dead” electrostatic, artificial-life, inverted matrix through which they can postpone the inevitable implosion of their systems by forcefully draining the life force energies from, and assimilating the life force energies of, living Time Matrix systems.

4. Monad:

The Monad Identity is the portion of the multi-dimensional mind that corresponds to the 8th Dimension and the God Seed, the center of the Oversoul Matrix and the Betcha Hova Body.

5. Krystallah (Chrystallah):

The framework of manifest creation begins with God-Source downstepping within itself the *Divine Cosmic Trinity* of the first ManU, ManA, and EirA Eternal Force Consciousness Fields to form the Yunasai “*Living Cosmic Thought Crystal*” within which all things manifest. Within the ManU force field the ManA and EirA each create a Kathara Grid formed upon 12 specific points of attention expressed as 12 standing points of vibration. The ManA Kathara Grid is called the Krist (or Christos), meaning “God expresses,” and the EirA Kathara Grid is called the Krystallah (or Chrystallah), meaning “God intends.”

6. Radial Body:

The personal Radial Body or Trion-Meajhe Field is composed of 5 Hova Body capsules that manifest as electromagnetic barriers or “frequency” fences between each 3-dimensional level of the multidimensional identity. Formed through the perpetual spin of the counter-rotating electromagnetic currents of the Merkaba Field, the Radial Body is a perfectly balanced spinning electromagnetic force field in the shape of an elliptical sphere (called a “Form Constant”), which forms the projection screen for the creation of our “holographic experience,” the living theater within which the consciousness held in our DNA and entire energetic structure can be experienced as a 3-D hologram.

7. Flame of Amoraea:

The Flame of Amoraea is the original spark of continuous consciousness with which Source continually imbues the Eckasha A’ah level, the original top level of Creation. It carries Eternal Life consciousness and frequency that circulates into the Creation structures.

8. Hova Body:

The word “Hova” means a Triadic Harmonic Light (scalar wave) Sound (tonal frequency) Grid (morphogenetic Partiki Grid). Hova Bodies are vibrating tri-tonal grids of light, sound, electromagnetic and scalar waves that form the morphogenetic field/Crystal Body of multidimensional human anatomy, and serve to house the individuated stations of consciousness within dimensionalization.

9. Miasms:

Miasms are morphogenetic crystallizations of PartikA (electro-tonal units of consciousness that form the base for anti-particles) caused by the collection of lower-vibrating, disharmonic thought patterns. (Thoughts create morphogenetic templates within the morphogenetic field of the body and consciousness.) Miasms manifest within the particle structure of the Hova Bodies as electrically charged anti-particles, which block the natural functions of Hova Body merger, Merkaba Vehicle formation and Dimensional Ascension.

10. Scalar Waves:

A Scalar wave is a multidimensional standing wave pattern that emanates out of a fixed point of sound-tonal vibration within the morphogenetic field of the Unified Field of energy.
